

# Guide of how to view your programme(s) on Oriel

1. Go to the Oriel Website: <https://www.oriel.nhs.uk/Web/>

2. On the landing page, Click on the 'Pharmacy Programme' section.

The screenshot shows the Oriel website landing page, divided into three main sections: Applicants, Welcome to Oriel, and Not an Applicant?.

- Applicants:** This section is titled "Applicants" and asks users to "Please select a staff group from the options below to view the related information:". It features four buttons with images and text: "UK Foundation programme" (with UK Foundation Programme logo), "Medical and Public Health Specialities" (with image of two men), "Dental Specialities" (with image of two dentists), and "Pharmacy Programme" (with image of a pharmacist). The "Pharmacy Programme" button is circled in red, and a red arrow points from a red box labeled "Click here" to it.
- Welcome to Oriel:** This section has a dark background and contains the following text:
  - "Welcome to Oriel"
  - "Oriel is the UK wide portal for recruitment to postgraduate medical, dental, public health, healthcare science and foundation pharmacy training. Applicants will use Oriel for all stages of the recruitment process."
  - "If you are planning to make an application and have not yet registered on Oriel, please click on one of the options in the 'Applicant' area to view the relevant information."
  - "If you are visiting Oriel as an assessor please select the option in the 'Not an applicant' area."
  - "Please note that Oriel is only supported on the following browsers: Chrome, Edge, Safari and Firefox. For further information, please refer to the FAQs."
  - "IMPORTANT - this is a new version of Oriel. If you previously had an account on the legacy Oriel system, this will no longer be valid. You MUST register for a new account on Oriel."
  - "Registered users can log in below"
  - A blue "Login" button.
  - The Oriel logo (a blue square with white dots) at the bottom.
- Not an Applicant?:** This section is titled "Not an Applicant?" and asks users to "Please select from the options below to view the related information:". It features two buttons: "Assessors" (with text: "Select this option to find help and resources for Assessors.") and "Employers" (with text: "Select this option to find information and resources for Employers").

### 3. Click on 'Pharmacy Programmes' on the tab above

The screenshot shows the top navigation bar of the Oriel website. The 'Pharmacy programmes' tab is circled in red, and a red arrow points to it from a red box containing the text 'Click here'. The navigation bar includes links for Home, Vacancies, Recruitment leads, Pharmacy programmes, Resource bank, News, and FAQ. A date and time stamp '27/05/2026 15:28:07' is visible in the top right corner of the navigation bar. Below the navigation bar, the main content area is titled 'Welcome to Oriel' and is divided into two columns: 'England and Wales' and 'Scotland'. The 'England and Wales' column contains information about Pharmacist Foundation Training applications, including dates and important notes. The 'Scotland' column contains information about Pharmacist Foundation Training Year (FTY) applications, including dates and important notes.

**England and Wales**

**England and Wales.**

**IMPORTANT:** Oriel applications for Pharmacist Foundation Training will open on Monday 15th June 2026 at 12:00pm BST and close on Friday 3rd July 2026 at 10:00am BST.

A full list of the programmes for both vacancies will be available to view from June via the Oriel system by selecting the Pharmacy Programme option from within the pharmacy staff group.

**IMPORTANT:** Late applications will not be accepted under any circumstances.

The Pharmacist Foundation Training Recruitment Applicant Handbook 2026 (2027 intake) will be available to view from May 2026. We would advise all applicants to refer to this document throughout the application process. The handbook can be found in the 'Resource Bank' section of Oriel.

**IMPORTANT:** We strongly advise that you read the Person Specification, Job Description and Professional Attributes Framework before starting an application. All of these documents can be found on the England and Wales Foundation Trainee Pharmacist Recruitment website.

The England and Wales Pharmacist Foundation Training Recruitment website is updated regularly with the latest application information; we recommend that you visit this regularly to ensure you keep up to date.

**Scotland**

Applications for Pharmacist Foundation Training Year (FTY) in Scotland will open on Monday 15th June 2026 at 12:00pm BST and close on Friday 3rd July 2026 at 10:00am BST.

The scheme offers trainee pharmacists in Scotland a unique and broad experience covering hospital, community and primary care practice. The purpose of the FTY is to ensure that every trainee pharmacist funded by the NHS in Scotland receives support and a high-quality training opportunity and experience, regardless of practice setting.

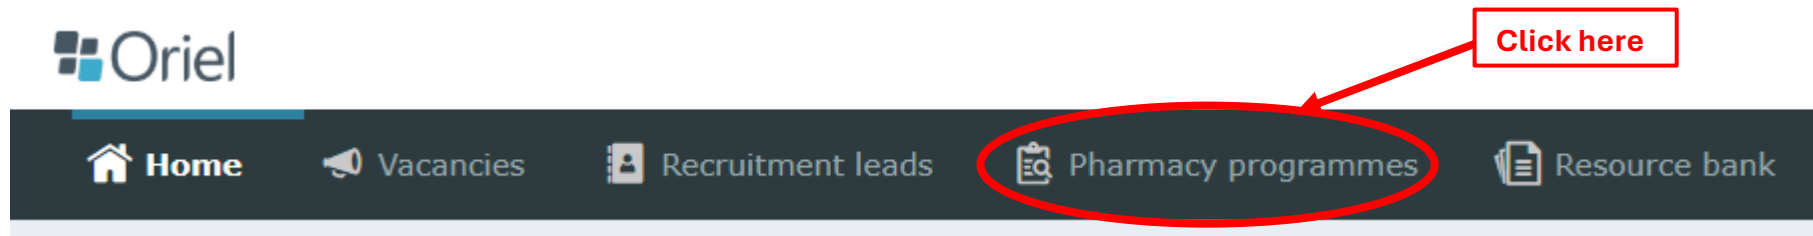

Training Provider information can be found under the Scotland vacancy in the 'vacancies' tab and by following [this link](#).

For further information on these posts, including details of the recruitment process please visit the FTY recruitment pages of the [NES website](#). This website is updated frequently throughout the year.

**IMPORTANT:** Please fully review the NHS Education for Scotland FTY Applicant Guide before applying. This includes the Person Specification, Job Description and Professional Attributes Framework.

Information on how to contact the recruitment team can be found on the FTY recruitment pages of the [NES website](#).

| Training programme             | Foundation Pharmacy  |
| Employer name                  | Imaan Healthcare   |
| Programme title                | (Imaan HC & General Practice) Allestree Pharmacy West London + Balance Street General Practice London/DE22 2DL + ST14 8JG  |
| Programme description          | This programme consists of a GP clinical rotation (26 weeks) & Community (26 weeks). Time in various clinical settings will enable you to directly impact patient care through medication reviews, meds optimisation & clinical problem-solving, whilst contributing to multi-disciplinary meetings with a variety of healthcare professionals. You will also be trained to vaccinate. Your placements will contribute towards your prescribing portfolio by developing consultation skills, history taking & physical clinical assessments via services such as Pharmacy First & Hypertension. The training will enable you to pursue a career across numerous clinical sectors IMMEDIATELY upon qualifying, including pharmacy ownership/partnership. The clinical placements, plus monthly study days, mock exams & extensive calculations support result in our pass rate always being above the national average. Study days include clinical case studies & BNF quizzes. |
